

# Bombshell Rocks, Unstoppable

Friday morning a day like any other  
I'm heading down the same old roads  
I've got Mommy's Little Monster in the headphones  
It keeps me warm I stay out of the cold

I'm catching speed  
I never gonna stop again

Have you ever had the feeling  
No one can bring you down?  
Well today I feel unstoppable  
Accompanied by that explosive sound

Strike a chords it's like an arrow thru my heart  
Well I was caught as the first note got hit  
Come down the air is electrified  
See how we get our kicks

I've got the feeling  
No one can bring me down  
You see today I feel unstoppable  
I'm heading down the same old roads of my hometown
