## Bombshell Rocks, Untitled

I don't recognize this place
This ever growing hatred
We drag ourselves down
There's a bad moon on the rise
We drag ourselves down
Now who's bound to pay the price
Truth hurts we stick to lies

It seems like we have a way of keeping ourselves down And no one's looking forward Everybody wants the crown It seems like we have a way of keeping ourselves down We're spitting in the wind And everything comes around

And there's no lesson learned We keep on getting burned We drag ourselves down We keep digging our own grave And we just turn away It's just like yesterday
