Bon Iver, 29 Strafford APTS

Sharing smoke In the stair up off the hot car lot Sun shine hard on the video spot Hm, mm, mm, mm

Sure as any living dream It's not all then what it seems And the whole thing's hauled away

A womb
An empty robe
Enough
You're rolling up
You're holding it
You're fabric now

Paramind Paramind

Hallucinating Claire
Nor the snow shoe light or the autumns
Threw the meaning out the door
(Now could you be a friend)
There's no meaning anymore
(Come and kiss me here again)

A womb
An empty robe
Enough
You're rolling up
You're holding it
You're bent prize

Canonize Canonize

Motor up and yeah, you're own, ooh And yeah, you're on your own, ooh

Fold the map and mend the gap And I tow the word companion And I make my self escape Oh, the multitude of other It comes always off the page

I hold the note You wrote and know You've buried all your alimony butterflies
