

# Bon Jovi, Everybody's Broken

Welcome to the party  
Come on in and disappear  
You're feeling like a stranger  
But all your friends are here  
Little lines and cracks  
Around your eyes and mouth  
Something's trying to get in'  
Something's trying to get out

It's okay to be a little broken  
Everybody's broken in this life  
It's okay to feel a little broken  
Everybody's broken, you're alright (alright)  
it's just life

Step into the deep end  
Make yourself at home  
When you wonder why you're breathing  
Know you're not alone  
It's so hard to believe  
What's easier to doubt  
You're trying to hold in  
What you're dying to scream out

It's okay to be a little broken  
Everybody's broken in this life  
It's okay to feel a little broken  
Everybody's broken  
You're alright, it's alright  
Its just life.

Take a look around  
Tell me what you see  
It's who you think you are  
Who you wanna be

It's okay to be a little broken  
Everybody's broken in this life  
It's okay to feel a little broken  
Everybody's broken you're alright

Keep on going  
Eyes wide open  
Everybody's broken,  
Everybody's broken,  
Everybody's broken,  
Everybody's broken,  
Everybody's broken,  
Everybody's broken,  
Yeah yeah
