

# Bon Jovi, Hearts Breaking Even

It's been a cold, cold, cold, cold night tonight  
And I can't get you off my mind  
God knows I've tried  
Did I throw away the best part of my life  
When I cut you off, did I cut myself with the same damn knife  
Hide my tears in the pouring rain, had my share of hurt and pain  
Don't say my name, run away, cause it's all in vain

Chorus:

My hearts breaking even, now there's no use we even try  
Hey I cried, yeah I died, hell I almost died  
Don't got a reason, let's just fold the cards and say good-bye  
It's all right, just two hearts breaking even tonight

It's been a long, long, long time  
Since I've had your love here in my hands  
We didn't understand it, we couldn't understand it  
But, nothing's fair in love and hate  
You lay it all down and walk away, before it's too late  
We danced all night as the music played  
The sheets got tangled in the mess we made  
There in the stains, we remain,  
No one left to blame

Chorus

Go on, get on with your life, Yeah - I'll get on with mine  
Broken hearts can't call the cops, yeah it's the perfect crime  
Twisting and turning the night keeps me yearning  
I'm burning alive  
I'm paying the price again  
But I'll see the light again

My hearts breaking even, now there's no use we even try  
Hey I cried, yeah I died, hell I almost died  
Don't got a reason, let's just fold the cards and say good-bye  
It's all right, just two hearts breaking even tonight
