

Bon Jovi, In It For Love

R.sambora

Life is a road
Forever winding where it leads us
I don't know
In it together
For better or worse
Searching for our pal of gold.
Time
Leaves a trail of broken hearts
So many arrows just keep missing
Their mark
Baby that ain't us.
Nothing else matters
When you're in it for love
Together we can only go higher
You can reach any rainbow
You're dreaming of
Nothing else matters at all
When you're in it for love, baby
Yeah
We'll share in the laughter
Share in the tears
And the promises we keep
Life can be crazy
Love can be cruel
But it's always been a two way street
You try

And give it all you have to give
So many people don't know how to forgive
Baby that ain't us.
Nothing else matters
When you're in it for love
Together we can only go higher
You can reach any rainbow
You're dreaming of
Nothing else matters at all
When you're in it for love, baby.
Solo
You try
And give it all you have to give
So many people don't know how to forgive
Baby that ain't us.
Nothing else matters
When you're in it for love
Together we can only go higher
You can reach any rainbow
You're dreaming of
Nothing else matters at all
When you're in it for love baby.
When you're in it for love baby
In it for love
When you're in it for love baby
When you're in it for love baby
When you're in it for love baby
In it for love.
