

Bon Jovi, Legendary

Bon Jovi prezentuje utwór "Legendary". Grupa zaprezentowała ten numer podczas gali 2024 Music

Who are you and who am I,
To think that we could ever fly?
It don't pay to even try
Work, get paid, and just get by
Sons of sons, bricks on bricks
What's broken you don't try to fix
Round here there ain't no "whys" and "ifs"
You don't pick up what you can't lift

I raise my hands up to the sky
Don't need more to tell me I'm alive

Got what I want
Cause I got what I need
Got a fistful of friends
That'll stand up for me
Right where I am
Is where I wanna be.
Friday night comes
Around like a song
Sweet Caroline and we all sing along,
Got my brown eyed girl
And she believes in me.
Legendary

I know this town
Like the back of my hand
Every crack in the sidewalk
Tells me who I am
Live and you love
Is the law of the land
These are our dreams
That's where we stand

Raise my hands up to the sky
Don't need more to tell me I'm alive

Got what I want
Cause I got what I need
Got a fistful of friends
That'll stand up for me
Right where I am
Is where I wanna be.
Friday night comes
Around like a song
Sweet Caroline and we all sing along,
Got my brown eyed girl
And she believes in me.
Legendary

Who are you and who am I
To think that we could ever fly

Got what I want
Cause I got what I need
Got a fistful of friends
That'll stand up for me
Right where I am
Is where I wanna be.
Friday night comes
Around like a song
Sweet Caroline and we all sing along,

Got my brown eyed girl
And she believes in me.
