

# Bon Jovi, Welcome To Wherever You Are

Maybe we're different, but we're still the same  
We all got the blood of Eden, running through our veins  
I know sometimes it's hard for you to see  
You come between just who you are and who you wanna be

If you feel alone, and lost and need a friend  
Remember every new beginning, is some beginning's end

[Chorus]

Welcome to wherever you are  
This is your life, you made it this far  
Welcome, you gotta believe  
That right here right now, you're exactly where you're supposed to be  
Welcome, to wherever you are

When everybody's in, and you're left out  
And you feel your drowning, in a shadow of a doubt  
Everyones a miracle in their own way  
Just listen to yourself, not what other people say

When it seems you're lost, alone and feeling down  
Remember everybody's different  
Just take a look around

[Chorus]

Be who you want to, be who you are  
Everyones a hero, everyones a star

When you wanna give up, and your hearts about to break  
Remember that you're perfect, God makes no mistakes

[Chorus]
