

Bon Jovi, What Do You Got

Everybody wants something, just a little more
Makin' a livin' and hat we're living for
A rich man or a poor man, a pawn or a king
he could live on the street, he could rule the whole world
but that don't mean one damn thing
What do you got if you aint got love
Whatever you got
Just ain't enough

You're walking a road
But you go nowhere
To find your way home
But there's no one there
Who do you hold
In the dark of night
You wanna give up
But it's worth to fight
You can have all the things
That you've been dreaming of
If you ain't got someone you're afraid to lose
Everybody needs just one, someone to tell them the truth
Maybe I'm a dreamer but I still believe
I believe in hope, I believe the change will get us up off our knees

What do you got if you aint got love
Whatever you got
Just ain't enough
You're walking a road
But you go nowhere
Trying find your way home
But there's no one there
Who do you hold
In the dark of night
You wanna give up
But it's worth to fight
You can have all the things
That you've been dreaming of
If you ain't got love, its all just keeping score
If you ain't got love, what the hell we doing it for
I don't wanna have to talk about it,
How many songs you gotta sing about it
How long you gonna live without it
Why does some somewhere have to doubt it,
Someday you'll figure it out

What do you got if you aint got love
Whatever you got
Just ain't enough
You're walking a road
but you go nowhere
Trying find your way home
But there's no one there
Who do you hold
in the dark of night
You wanna give up
But it's worth to fight
You can have all the things
That you've been dreaming of
If you ain't got love, its all just keeping score
If you ain't got love, what the hell we doing it for
Woah, I ain't got, if you ain't got
What do you got if you ain't got love
What do you got if you ain't got love
