

Bone Thugs-N-Harmony, Ain't Nothin Changed (E

[Chorus - Krayzie]

Ain't nothin' changed, everyday

Ain't nothin' changed [x3]

It's an everyday thang when you hear the bucks bang

Mo Thugs is all you claim

stay thug up in this game and remain the same

So follow me, now see (now see)

off to the double-glock and hear pistols poppin'

buckin' them bodies with shots, and a come up,

Everybody get up, get down [x4]

Everybody get up and like my fucked-up gang without the grip

Gotta have another bill, y'all Dog, I need all my change

Soon as creep up, I'm pullin' my people up outta the bullshit

That's why we choose this thugsta music

You just move it dont abuse it

Bone so lovely

Gotta get, gotta get, get money (mo' money)

Thuggin' forever we keepin' it real,

I'm ready to show when they let niggas roll with Mo Thug hit the shit

then we roll with murder we told ya

Rollin', blowin' indo, we go

niggas doubted we are trues, yeah

Ready to bust on anything

Shoot 'em up, shoot 'em up

Nobody move, nobody get hurt

Killa, Me killa, killa... (Break it down) [x15]

[Layzie]

I'm wonderin really how many more niggas

I'll see in a coffin before its my time

I'm the kind right here to take losses, not a dime

Everyday it's the same, and I gotta mine to the grind

My mental be stressed on my pistol my only utensil for cheddar

It's on the level war

Whatever my mind is my church and my kids or my pleasure

Would ya like to come parlay with Lay all through my hood?

Sit back, everything gon' be all good

Niggas ridin' real, knock on wood, goin' against the grain

It's all the same, It's all the same

Smokin' on a lot more weed than before

no pain, no gain

You straight up hangin', and that's shame

How long we'll reign

Bang, bang, gotta get down for my thang,

ain't nothin' to do to get outta this game (outta this game)

Run, we came with consistency

instantly and guard them greens of the earth

We're resistance, baby

baby, tell me what doyou wanna do?

Tell me, what do you wanna do? You can ride and smoke with me

or I can ride and smoke with you

It's all cool, It's all cool, It's all cool

Act a fool, Act a fool, It's all cool, It's all cool

[Bizzy]

Ready when I got my pistol, and got to flip, and when in my hood,

should be animal and gnarl, wanna go shut you down and eat breakfast

oh so, don't you know that I know you're whole M.O.

and away you go and I got (...?...) mo, little bit

you know so, hit it, me stumble (...?...) and even scuffle

I heard my little brother smacked the shit out you bitch and bust you

hear my nationwide "fuck you, fuck you"
I got people that you trust,
who needs some greens, and really don't love you
Never familiar, send 'em all in the city out to (?)
an everyday thang and I bang your brains, nigga

[Krayzie]
Ain't nothin' changed everyday
Ain't nothin' changed [x4]

[Wish]
It's an everyday thang, it's an everyday thang,
it's an everyday thang, thang.
It's an everyday thang, it's an everyday thang,
it's an everyday buck, buck, buck, bang.
Calm me down. It ain't gon' change. We won't change
Bone thugs-n-harmony, we keeps it realer
Tell me, can you feel us feel us, feel us?
Tell me can you feel us, feel us, feel us, killas?
Even though we still roll the Clair, playa haters better beware,
'cause we got mines, we got nines, we got shit to blow you all the time
Anytime you got yours, you got yours, I got mine, I got mine
Fuck with mine, fuck with mine.
East 99 is the street, keep it on the low when they creep,
or Bone got heat, Bone got heat,
hurt them who tried to hurt me. B-O-N-E, 'cause I'm rollin with ya,
'cause I'm rollin' with ya, 'cause I'm rollin' with ya.
It's an everyday, it's an everyday,

It's an everyday, it's an everyday,
it's an everyday buck, buck, buck, bang

[Krayzie]
Ain't nothin' changed everyday
