My niggas is stone cold killas, peelas
Dippin' off in limos the bitch, y'all just maintain
Givin' my babies all of my money, but my diamonds steady be shinin'
My gang, you know me. Homies got mo' love
And I'm blessed, when I'm outta my sentence
Cuz i'm Mr. Mo' Thug, gotta keep the Lord up over my shoulders
Jesus sent me his roll of loco, sober, load a revolver, hold up
Now, buck 'em all to Hell, 'cause I'm showin' 'em

And I seen that the bulletholes was too much, no luck Ya get blowed up, all of you niggas goes out

The surgeons say that your body can not be sewed up.

It's time for Bone Thugs, 'cause y'all think that you can really hate,

## [Chorus]

[Krayzie:]

What makes a nigga think he can bite my shit and call his shit original? What's worse, tellin' people you made the style we put down three fuckin' years ago

And that's just like a nigga wanna take all the credit

I bet it didn't even occur that we would eventually meet with ya, kid

Don't crash, collide, lock up with the enemy

And I don't wanna say a nigga's name and all that

but a y'all fin to get stomped, let 'em loose

And they heard the news, ya run up, ya could get dead, oh

Uh-huh, hey, we murder muthafuckas in a deadly way -

fully automatic when we let 'em lay

" Aw shit! Get down, Leatherface. & quot;

Fuck 'em all, if I can't get my respect

Come on, now, put them to rest

a bloody, bloody mess, but nevertheless, we won't stress

I figured this platinum got you actin' like you got to be me

It's all in your mind, but in time, you'll find we as real as we speak

## [Chorus]

[Layzie:]

All I see is this soldier, pistol in holster, givin' you the most

I toast to them thugs

Nigga, nothin' but the love of bud that we brought to the table

And a nigga wanna test, catch slugs, put 'em in the mud

Harmony smooth with the thug shit, mo murda to the fools that clone

Five niggas loc'd out with the roughness, nigga

And it's war when you craft these Bones we can get it on

And I'm referrin' to all of y'all bitches

Y'all know who y'all are when y'all tried that

Rollin' with the É since ninety-three, shuttin'

shit down in the industry, nigga, can you bite that?

I know y'all niggas wanna roll with pros, and make friend of foes

But we chosen - God done blessed us with His potion
