Now feel it, the pain was gettin' me hyped and so violent, but Wally was the worst of us all
Pump in his chest and he never knew it
Poor Wally had to fall victim, a casualty
But I lay my soul down and I think it all better when it falls down
Everybody got problems to face to face everyday with it when there's so many lost souls (Lost soul

God bless you workin' on a plan to Heaven follow the Lord all 24
7 days, God is who we praise even though the devil's all up in my face, but he keepin' me safe and
And maybe you people should do to the same (The game) Recognize a good game man, tt's an ev

Now follow me roll stroll whether it's Hell or it's Heaven
Come let's go take a visit of people that's long gone on their rest; Wally, Eazy, Terry, Boo
It's steadily creepin' up on the family
Exactly how many days we got lasting? While you laughin' we're passin' passin' away

Little Eazy's long gone, really wish he would come home
But when it's time to die, gotta go bye bye, all a little thug could do was cry, cry
Why they kill my dog? Damn man, I miss my Uncle Charles ya'll
And he shoudn't be gone, in front of his home
What they did to Boo was wrong (Ooh wrong, ooh wrong...)

We choose the way you gonna go into the coffin man when it comes to Judgement Day
Flame and blaze, and up at The Door with all of my problems man
What a thankful day, through the pain I still maintain
Bang! Put it on my grave

See you at the crossroads, crossroads, crossroads (So you won't be lonely) See you at the crossro

Hey my niggas, you know that we care
And cough up weed wit a me peoples

Murder come again, again and again
Now tell me whatcha gonna do?

And now that they see that the world goes round and round and round
Now I'm startin' to see why somedays I was lonely
But it ain't that the world don't love me
But it's like that when I gotta make the money
Faithful, livin' in a hateful world, it's all about our family and how we grow
Can I get a witness? Let it unfold
We livin' our lives til eternal our soul

Eazy E died, he gone, and now Bone and Mo! seekin' revenge on this song
Soon to take him head on and he's drunk
Midnight fell, that gotta be wrong

Maintain, chill pill to the brain
My people will not let me tryin' to take one destruction, Bang! And I'm thuggin' off at the golden gate
See you at the crossroads, crossroads, crossroads (So you won't be lonely) See you at the crossroads
