

# Boney M., Eye Dance

Eye dance

Eyes that follow you is good dance  
We should make for two  
People eye dance, looking for response  
A unique dance, now it's one on one

But the girls and the guys in the world all in their eyes  
Look at the bloke, he can dance the eye

Let's get all, let's get all a sin for you  
No you're convict to the eye  
Exchanging pleasance, your eyes at the moon  
You stuck together at the eye

Eye dance

Eyes that follow you is good dance  
We should make for two  
People eye dance, looking for response  
A unique dance, now it's one on one

But the girls and the guys in the world all in their eyes

Look at the bloke, he can dance the eye
