Boney M., Plantation Boy

Lots of people walk about proud and free Lift up your head start looking around There's a brandnew feeling of liberty Like a clear bell that's starting to sound

Plantation Boy C'mon and get going Yesterday's chains have broken in two Plantation Boy The new move is growing Reaching the hills and the valleys and you Plantation Boy Plantation Boy

Lots of smiling faces for you to meet So many hands to help you along Just shake off the mud that weighs down your feet If you stand tall you just can't go wrong

Plantation Boy C'mon and get going Yesterday's chains have broken in two Plantation Boy The new move is growing Reaching the hills, the valleys and you Plantation Boy Plantation Boy

Years of picking cotton for little pay Living alone in some wooden shack Sweating in the heat of a summer's day This is all over, you won't come back

Plantation Boy C'mon and get going Yesterday's chains have broken in two Plantation Boy The new move is growing Reaching the hills, the valleys and you Plantation Boy Plantation Boy

Plantation Boy C'mon and get going Yesterday's chains have broken in two Plantation Boy The new move is growing Reaching the hills, the valleys and you Plantation Boy Plantation Boy

Plantation Boy Plantation Boy Wherever you may go

Reaching the hills and the valleys and you...

Reaching the hills and the valleys and you... Reaching the hills and the valleys and you...
