

Bonfire, Bandit Of Love

Lightning strikes - right before my eyes
when you swing your hips - and move your sexy thighs
I can read your body - it's takin' it's toll
like a bonfire burning - out of control
your moves are like snakebites - takin' me by surprise

CHORUS

Gimme love - sweet love
no - I can never get enough
Gimme love - sweet love
you're just a little bandit of love

My temperature is rising - way beyond Fahrenheit
I'm kinda banjaxed by love - your dance is gonna blow my mind
Thunder rolls - and it goes bang bang
I feel you're comin' on strong - like a hurricane
and your alligator smile - kinda shot me down in flames

CHORUS
