

# Bonfire, Cold Days

I knew you so well or that's what I thought  
believed it would last forever  
somehow I know for sure  
we're going our separate ways

Yesterday's gone - I'm out on the run  
I'm tryin' to hide my feelings  
There's no way to stick it out  
our love is on the line

Gonna take love or leave love today  
but I know that I can't make you stay

## CHORUS

Cold days - hard times  
in my heart the rain is pourin'  
Cold days - long nights  
lost without you

The damage is done - we can't carry on  
'cause something has stolen our passion  
I'm wounded in my heart  
but you don't sense my pain

I can't break the ice - you loaded the dice  
I always end up losin'  
all the good times we shared  
are now history

Drown in dreams and in heartaches again  
Lovin' you is the name of my pain

## CHORUS

Drown in dreams and in heartaches again  
Lovin' you is the name of my pain
