

Bonfire, Rock Me Now

Satisfy my hungry heart
I'm starving for your love
Now the time is right for me
we fit like hand and glove

You look dressed to kill
I wanna feel the thrill
You're like a loaded gun

You know I can't hold back
I need a backseat lover
yeah - tonight - we're breakin' out

CHORUS

Rock me now
Rock me now
Rock me now
Rock me now

The fever is all over me
it burns without a hurt
last night's got a hold on me
you ring my red alert

Oh babe I can't let go
my fire's lit below
I'm all sparks and flame

You got me breathing fast
you take me now or never
yeah - tonight - you can't say no

CHORUS

Rock me - you got me - Rock me now
Rock me - you got me - Rock me now

CHORUS
