

# Bonfire, The Price Of Loving You

running for her something  
looking for someone  
that's why I needed you so badly  
searching such a long time you head on me life lie  
then you hurt me like a hammer

woooooooooooo

I can't take it anymore  
I can't live with you I'm without you  
It's the price of loving you  
I don't know the fake on me truth  
I'm being the price of loving you  
All I know is that I want you  
I want youuuuuuuuu

Signed baby you brake me  
You play with my witness

-----  
devil just like an angel  
you tast just like heaven  
But your love is poison  
No, my damn baby
