

# Bonnie Owens, Forever And Ever

[ Both ]

Forever and ever I'll love you I swear by the stars up above you  
There never will be any other I'll love you forever and ever

[ Merle ]

The sun in the sky may stop shining and the salty old sea may run dry

[ Bonnie ]

The Man in the Moon may stop smiling but I'll always be by your side

[ Both ]

Forever and ever I'll love you...

[ Bonnie ]

No other lips ever will kiss me no other arms ever will hold me

[ Merle ]

No other heart ever will miss me I'll love you forever and ever

[ Both ]

Forever and ever I'll love you...
