

Bonnie Owens, I'd Be More Of A Woman

I'm not too much of a woman at least that's what you say
But you want me to get over love and it just don't work that way
You tell me I'm failing you when I've done all I can
I'd be more of a woman if you'd be more of a man
I'd be more of a woman the way you want me to be
But you've gotta show me a better man if you gonna see the best of me
If I'm gonna make you happy you gotta give me a helping hand
I'd be more of a woman if you'd be more of a man
[guitar - steel]
You don't know much about women not near what you think you do
You think when you snap your fingers I ought to fall all over you
You're always talking bout other girls I can do anything they can
And I'd be more of a woman if you'd be more of a man
I'd be more of a woman...
