

Bonnie Owens, Livin' On Your Love

Livin' on your love livin' on your love livin' on your love day by day
Livin' on your love livin' on your love I'm livin' on your love all the way

You may find another love outside my world
But you'll always have me taggin' at your sleeve
I need all the love you give to go on livin'
So darling keep this thought in mind each time you leave
That I'm livin' on your love...

[ac.guitar]

You don't have to lie and say how much you love me
I'm so blind I quest anything you say
I'll just feel my heart excuses when you hurt me
And if I see the truth I'd look the other way
Cause I'm livin' on your love...
I'm livin' on your love all the way
