

Bonnie Owens, Pins And Needles (In My Heart)

The days and nights are growing longer since first you said that we must part
And somehow I just can't forget you I've got pins and needles in my heart
I know not where on earth to find you I don't know how or when to start
I only know I'm here without you and there's pins and needles in my heart

I always see your face before me your smile is heaven's work of art
But now you're smiling at another and there's pins and needles in my heart
I know not where on earth to find you...
