

# Bonnie Owens, What's It Gonna Cost Me

What's it gonna cost me this time a broken heart like last time  
Will I have to pay with my mind what's it gonna cost me this time

It cost me a lotta heartaches loving you  
I spent a lot of sleepless nights cryin' all night through  
Now you're begging back you're saying try me one more time  
But I keep payin' the price of your love what's it gonna cost me this time  
What's it gonna cost me this time...

[ guitar ]

The love you gave I pay for day by day  
The wear and tear and my heart took it's quite the price to pay  
But livin' here without your love my life's not worth a dime  
I'm gonna take you back so tell me what's it gonna cost me this time  
What's it gonna cost me this time...
