

Bonnie 'Prince' Billy, I'll Be Glad

I'll go anywhere that you do
And if you don't go before
Lord, I don't know want to go without you anymore

Meet me in a pillar of fire
Shade me with a big white cloud
Lord, wherever you go, you'll always have me around

You will give my body rest
And never let me thirst
So I'm not going anywhere if you don't go there first

And when I see you beckoning me
That's how I'll know
Lord, following your lead is the only way I'll go

When you get your flock together
Please take me along
Lord, I'm too weak to travel
I'll be glad you're strong

And I'll lean on your arm
