

Bonnie 'Prince' Billy, Where Is The Puzzle?

Where is the puzzle?
that bothered me so
how do I let my family know
O I'm disappearing
into the wind

I knew everything once
and now I know it all again
bliss comes with conclusion
comes with an end

hear our voices
pass it on
knowledge is born
with a singing dawn
goodbye and welcome troubled song
my body fades ... your life goes on

I knew everything once
and now I know it all again
bliss comes with conclusion
comes with an end

and I want only you
and I trust only you
and I want only to
sing you
