

# Bonnie Tyler, Baby Goodnight

(Mike Heron)

He knows the way right to me  
Closer than my heartbeat he comes  
Moving on my wave-length easy  
When we make love completely  
Sleepy and soft he breathes  
You melt me, you fill me  
Baby goodnight, baby goodnight  
Simple words, but they mean a lot to me  
To fall asleep with your kiss warm on my lips  
Baby goodnight, baby goodnight  
Sleepy and soft he breathes  
You melt me, you fill me  
Baby goodnight, baby goodnight  
Simple words, but they mean a lot to me  
To fall asleep with your kiss warm on my lips  
Baby goodnight, baby goodnight  
He knows the way right to me  
Closer than my heartbeat he comes  
Moving on my wave-length easy  
When we make love completely  
Sleepy and soft he breathes  
You melt me, you fill me  
Baby goodnight, baby goodnight  
Simple words, but they mean a lot to me  
To fall asleep with your kiss warm on my lips  
Baby goodnight, baby goodnight  
Simple words, but they mean a lot to me  
That's as good as a goodnight can be
