

# Bonnie Tyler, Lost In France

I was lost in France  
In the fields the birds were singing  
I was lost in France  
And the day was just beginning  
As I stood there in the morning rain  
I had a feeling I can't explain  
I was lost in France in love

I was lost in France  
In the street a band was playing  
And the crowd all danced  
Didn't catch what they were saying  
When I looked up he was standing there  
I knew I shouldn't but I didn't care  
I was lost in France in love

Oo la la la Oo la la la dance  
Oo la la la dancing  
Oo la la la Oo la la la dance  
Oo la la la dancing  
Oo la la la Oo la la la dance  
Oo la la la dancing

I was lost in France  
And the vines were over flowing  
I was lost in France  
And a million stars were glowing  
And I looked round for a telephone  
To say baby I won't be home  
I was lost in France in love

Oo la la la Oo la la la dance  
Oo la la la dancing  
Oo la la la Oo la la la dance  
Oo la la la dancing  
Oo la la la Oo la la la dance  
Oo la la la dancing

And I looked round for a telephone  
To say baby I won't be home  
I was lost in France in love

Oo la la la Oo la la la dance  
Oo la la la dancing  
Oo la la la Oo la la la dance  
Oo la la la dancing  
Oo la la la Oo la la la dance  
Oo la la la dancing
