

# Bonnie Tyler, Stand Up

(A. Rozenblat - Y. Shah - Bonnie Tyler /A. Rozenblat - Y. Shah - John Stage)

Some days you don't understand  
All the world looks upside down  
When you're trying to be strong  
Nothing ever falls in place

Don't give up and let your shadows swallow up your mind  
No, that's no way to treat yourself - just leave your doubts behind

Stand up - for what you're fightin' for  
Stand up - just don't take anymore  
Stand up - for what you're fightin' for my friends  
Stand up - for what you're fightin' for  
Stand up - some things you can't ignore  
Stand Proud - for what your fightin' for my friends  
Oh, oh!

When accusations put you down  
And people talk behind your back  
Turn your head and walk away  
Never let them see you frown

Don't give up and let your shadows swallow up your mind  
No, that's no way to treat yourself - just leave your doubts behind

Stand up - for what you're fightin' for  
Stand up - just don't take anymore  
Stand up - for what you're fightin' for my friends  
Stand up - for what you're fightin' for  
Stand up - some things you can't ignore  
Stand Proud - for what your fightin' for my friends

Don't give up and let your shadows swallow up your mind  
No, that's no way to treat yourself - just leave your doubts behind

Stand up - for what you're fightin' for  
Stand up - just don't take anymore  
Stand up - for what you're fightin' for my friends  
Stand up - for what you're fightin' for  
Stand up - some things you can't ignore  
Stand Proud - for what your fightin' for my friends

Stand up - for what you're fightin' for  
Stand up - just don't take anymore  
Stand up - for what you're fightin' for my friends  
Stand up - for what you're fightin' for  
Stand up - some things you can't ignore  
Stand Proud - for what your fightin' for my friends

Stand up  
Stand up  
Stand proud  
Stand up
