

# Bonnie Tyler, Wild Love

Darlin', every night  
I keep wondering  
What I'm not doing right  
Fire, burning bright  
And you look so  
Oh, so good tonight

(chorus)

And I've been trying to make you happy for such a long time  
Working hard to keep you so much it's a crime  
Give me what I want cause I'm losing my mind  
For your wild love  
All I want is your wild love  
Give me taste of your wild love  
While I'm making love to you

Somewhere, in your eyes  
There's a love light  
That you just can't disguise  
Darlin', come on darlin'  
every night  
I still wonder  
What I'm not doing right

Chorus

Wild love  
All I want is your wild love  
Give me taste of your wild love  
While I'm making love to you  
Wild love  
All I want is your wild love  
Give me taste of your wild love  
While I'm making love to you  
Making love to you  
Making love to you

Wild love  
All I want is your wild love  
Give me a taste of your wild love  
While I'm making love to you  
Wild love  
Wild love  
Give ma a taste of your wild love  
While I'm making love to your  
Wild love  
All I want is your wild love  
Give ma taste of your wild love  
While I'm making love to your
