

Boo Radleys, Jimmy Webb Is God

Just a simple song but God I love it
Embedded in me, so bittersweet
I'm addicted, I'm a melancholic
Sing it again, I'll be your friend forever
Wipe away this tear from my eye
Wash away this sadness from my heart
I'm not fit to even tune your guitar
Oh Jimmy, you make me happy
I'm twenty eight but I feel much younger
To this I'll attest, I'm a beautiful mess
Can this happiness last much longer
I think that I can, I know I am yours forever
forever
Wipe away this tear from my eye
Wash away this sadness from my heart
I'm not fit to even tune your guitar
