

# Boo Radleys, New Brighton Promenade (For Jam

New Brighton Promenade  
what am I trying to say  
you were just on my mind  
do you remember me?

This life is not easy  
but one thing that can please me  
the memory of me and my friends  
kickin' round your shores

New Brighton Promenade  
It's Nineteen Eighty Three  
for ever on the place  
where the baths used to be

And time has passed quickly  
The years have been kind to me  
The memories go but my friends  
will always be around

You still exist inside my head, there's no  
such thing as being dead  
when somebody keeps your ghost inside  
And if you looked inside my head you wouldn't not  
find a mind instead
