

Boo Radleys, New Brighton Promenade (For Jam

New Brighton Promenade
what am I trying to say
you were just on my mind
do you remember me?

This life is not easy
but one thing that can please me
the memory of me and my friends
kickin' round your shores

New Brighton Promenade
It's Nineteen Eighty Three
for ever on the place
where the baths used to be

And time has passed quickly
The years have been kind to me
The memories go but my friends
will always be around

You still exist inside my head, there's no
such thing as being dead
when somebody keeps your ghost inside
And if you looked inside my head you wouldn't not
find a mind instead
