

Boom Boom Satellites, Morning After

No way outta here and nothing to feel
I thought I had a treat in the refrigerator
It's time to wake up and smell the coffee
I'm falling back to sleep when it's over

Let yourself down Down on your knees
Please ease along in the morning after
Once again I'm back where I belong
So Come over, Come on over

Drink it up
You better wake up
I wanna move on
I'm doing better now

Don't let your mind rot
What are you afraid of ?
Face to face in the morning after
Sooner or later I'll come closer
No one else that could ever do ?

Rip it up
You better watch out
To get your freak on
I'm just killing time ?

How many ways to show you how I feel
Sometimes in dreams yo'near to me then
I'm up and I will take you anywhere
Faster and faster trippin' to nowhere

Goin' down and out in paradise
Day after day, no hiding anywhere
How many more times How many more times
I wonder How come you treat me bad

Roll it up
There ain't no need to hide
I gotta ride on
You better sign up

Don't let your mind rot
What are you afraid of ?
Face to face in the morning after
Sooner or later I'll come closer
No one else that could ever do ?

Rip it up
You better watch out
To get your freak on
I'm just killing time ?
