

# Boom Shaka, Time Stand Still

(chorus)

Time stand still  
This love is on the move now  
Time stand still  
This love got to groove now  
Good things going

I've been saying to myself  
Somehow it's gonna work  
Your in love with me  
I'm feeling the same way too  
I'm throwing out my line  
You see everything is gonna be all right  
Good things going

chorus

You know that all the time  
You always on my mind  
Loving you seems like the thing to do  
Your dreams are part of mine  
The future seems so bright  
Got a love that others only dream about

chorus

And you know that this love  
Gonna keep on coming  
Coming for sure  
Baby more, baby more  
Like a river it's gonna keep on flowing  
That's for sure, baby more, baby more

chorus
