

Boomkat, Now Understand This

You gotta understand
you gotta understand
... this...

C'mon (c'mon, c'mon)

Now understand this
I have a lot to say and today
I woke up feelin the power to get loose, okay?

First my name is spelled T to the A, R-Y-N
I got the faith, no religion
So come on baby listen, with 20-20 vison
I'm not no competition, no decision
When you come to the club, you'll see my ass a wigglin'

La la la la laaaaa

It's like that and like this
fast flips I twist
With an assist from my sib
the zig-zag scientist
In the lab we flip hits consistently

We be the B double O, M-K-A-T, see?
I'm free you can't catch me
My name is taryn, call me Miss Manning if ur nasty
I roll fast I roll the skates
pass the ?? extend the middle finger (why?)
Cause I'm a singer baby

Now understand this
I'm gonna take you to the promise land
So understand this
Now understand this, yeah
I think I got the master plan
So understand this
and if you need a longer look take a picture

Well, I got kat class and I got kat style
I keep my claws sharp with my boomkat nail file
wa - wa- wa- wa- waaaaa

No one comes before me, so the top 40 had to sort me
Into a brand new catagory, no shit
So be a witness, as taryn gets to bust lyrics like no other

Now understand this
I'm gonna take you to the promise land
So understand this
Now understand this, yeah
I think I got the master plan
So understand this
and if you need a longer look take a picture

STOP!
lala lalla la, la la la lala

[DJ's part] just leave it up to the

ah, waaa (you know how we do it)
now understand this

im gonna getcha im gonna getcha'

and if you need a longer look take a picture
shake your thangity thang thang
