# Boondox, Angel Like

She was new in town.
She was a treasure that I found.
She liked to swim at night.
And she was angel like.

Who the f**k you? Who the f**k you? Who the f**k you? Who the f**k you?

When she swam under the moonlight.

Who the f**k you dissin bitch remember me I was there for you?
Who the f**k you dissin bitch remember me I was there for you?

She was angel like.

Who the f**k you? Who the f**k you? Who the f**k you? Who the f**k you?

When she swam under the moonlight.

Who the f**k you dissin bitch remember me I was there for you?
Who the f**k you dissin bitch remember me I was there for you?

She grew popular.
There was no stop'n her.
She started losing sight.
And she forgot about.

Who the f**k you? Who the f**k you? Who the f**k you? Who the f**k you?

Me and her in the river at night.

Who the f**k you dissin bitch remember me I was there for you?
Who the f**k you dissin bitch remember me I was there for you?

The girl forgot about.

Who the f**k you? Who the f**k you? Who the f**k you? Who the f**k you?

Me and her in the river at night.

Who the f**k you dissin bitch remember me I was there for you?
Who the f**k you dissin bitch remember me I was there for you?

She was merciless.
Her love was posioness.
I had to take her life.
And now she's angel like.

Who the f**k you? Who the f**k you? Who the f**k you? Who the f**k you?

Float'n dead under the moonlight.

Who the f**k you dissin bitch remember me I was there for you?
Who the f**k you dissin bitch remember me I was there for you?

She's so angel like.

Who the f**k you? Who the f**k you? Who the f**k you? Who the f**k you?

Her skin all pale and white.

Who the f**k you dissin bitch remember me I was there for you?
Who the f**k you dissin bitch remember me I was there for you?

The girl is angel like.

Who the f**k you? Who the f**k you? Who the f**k you? Who the f**k you?

Me and her in the river at night.

Who the f**k you dissin bitch remember me I was there for you?
Who the f**k you dissin bitch remember me I was there for you?

And everything is alright.
And everything is alright.
And everything is alright
