

Booze & Glory, C'est La Vie

We all had sleepless nights, wasted dreams,
we played the games we couldn't win
went through thick and thin
and we're the experts of seven deadly sins
Those empty promises we've heard,
but they'll never be allowed
big words that something's gonna change,
This is the world we live in now!
C'est La Vie! Why can't you see?
We all should know by now how mad life can be
C'est La Vie It's time for you and me
It's time to understand what's the best way to live!
We've been here long enough to know
that life is not black or white
but you seem to understand this show,
please tell me so and shed a light
I'm gonna take a blame or two
and maybe I'll make it through
This is the world we live in
This f**kin' world we live in!
