

Border South, Rainbow

fallin out fallin in
nothings sure in this world no no
breaking down breaking in
never knowing what lies ahead
we can really never tell it all no no

say goodbye say hello
to a lover or friend
sometimes we never could understand
why some things begin with just end
we can really never have it all
no no no ohh

but oh, cant you see
that no matter what happens
life goes on and on
and so baby just smile
coz im always around you
and i'll make you see
how beautiful life is for you and me

take a little time baby
see the butterflie's colors
listen to the birds that was sent to sing for me and
you
can you feel me
this is such a wonderful place to be

even if there is pain now
everything will be alright
for as long as the world still turns
there will be night and day
can you hear me
there's a rainbow always after the rain

hittin high hittin low
win or lose you should go
yeah yeah
getting warm getting cold
weather could be so good or bad
but baby this is life so dont get mad
no no no

coz ohhh
can't you see
that no matter what happens
life goes on and on
and so baby please smile, (just smile)
coz im always around you
and i'll make you see
how beautiful life is for you and me

take a little time baby
see the butterflie's colors
listen to the birds that was sent to sing for me and
you
can you feel me
this is such a wonderful place to be

even if there is pain now
everything will be alright
for as long as the world still turns
there will be night and day
can you hear me

there's a rainbow always after the rain

life's full of challenges
not all the time we get what we want
but dont despair my dear
you'll take it each trial
and you'll make it through the storm
coz youre strong
my faith in you is clear
so i say once again
this world's beautiful
let us celebrate life that is so beautiful
so beautiful...

take a little time baby
see the butterflie's colors
listen to the birds that was sent to sing for me and
you
can you feel me
this is such a wonderful place in me

even if there is pain now
everything will be alright
for as long as the world still turns
there will be night and day
can you hear me
there's a rainbow always after the rain
