

# Boris, Afterburner

When you feel the chill -- 'flame, watered-down&quot;  
It's always like this -- &quot;too lazy&quot;  
When you feel you're going insane -- &quot;flame, watered-down&quot;  
It's always like this -- &quot;just pour it down&quot;  
Overflow  
Take a sip  
Now, look at me  
You'll be knocked out  
It's been like this,  
I've always found it's like this  
Image, can't control, let it overflow -- &quot;indeed&quot;  
Image, can't control, let it overflow -- &quot;isn't it?&quot;  
a bunch of them falling down happily and randomly  
When you feel the chill -- &quot;disappear&quot;  
When was it that it was like this -- &quot;disappear&quot;  
When was it that it was like this -- &quot;flame, watered-down&quot;
