

# Boston, Still In Love

(Tom Scholz, Brad Delp)

Ooohh, still in love with you  
You know I need you baby, to stand by me.  
Can't you see I need you, baby.  
Oooh, I'm still in love with you.

Can'tcha say you believe in me?  
Can'tcha say you believe in me?  
You know that where there's a will there's a way.  
Can'tcha say you believe in me?  
Can't you see what you means to me?  
Don't leave me alone tonight,  
'Cause I still love you.

I love you
