(She jus playing the field, playing the field)

Can you look me in the eyes and say to me it's not real

(Girl that could not be real, couldn't be real)

That's all I wanted to know (Just wanna know, girl)

That look is giving you away (Give it away, give it away now - She was a {better} Gal)

An I'll never believe in a single word you say (I'll never believe yuh girl)
