

Bow Bow, Tell Me

Ooooo

Tell U [x2]

[Bridge:]

Tell Me What I Gotta Do

To Get Things Back To The Way They Was

Im Trying To Fight It

But I Find Myself Still Thinking About Us

Tell Me What I Gotta Say To Whatcha

Try To Hear Come Out My Mouth

Im Trying To Work It Out,

Baby We Needa We Needa Work This Out

Can't U See What Im Trying To Do

I Need To Work It Out Between Me And U

It Ain't Through I Would Do Down To Do Anything

U Ask Just To Get U Back Take U Shopping

All Over The Map Just To See U Laugh Pop Em Tags

U Plus Me Do The Math Minus All The Negative Bs

U My Other Half Ain't No Other

That Makes Me Feel The Way

U Do I Can See Myself Coming Back At Chu

Im A Whole Different Individual

Now Everybody But Chu Invisible

Now I Wanna Commitment

And I Want U Home U'd Never Miss A Good Thing

Till Its Gone And I Miss Kissing U

And Im Miss Spoiling Miss U Loving

And Miss Me Adoring U

[Bridge:]

Now Tell Me What I Gotta Do

To Get Things Back To The Way They Was

Im Trying To Fight It

But I Find Myself Still Thinking About Us

Tell Me What I Gotta Say

To Whatcha Try To Hear Come Out My Mouth

Im Trying To Work It Out,

Baby Im Trying To Work It Out Tell Me Tell Me

What I Gotta Do To Get Things Back

To The Way They Was

Im Trying To Fight It But I Find Myself

Still Thinking About Us

To Whatcha Try To Hear Come Out My Mouth

Im Trying To Work It Out,

Baby We Needa We Needa Work This Out

Alot Of Ladies In The World Wanna Be Mine

But I Don't Give No Time Niggas

No Shine No Matter How Many Women I See

Without U Girl Im Incomplete

Im Telling The World I Can't Be Disgree

I Ain't The Same Without U And Me Girl

I'd Miss The Arguments U Can't Be Real

Not Fradulant Howd It Look Its Hard

To Get Another Shortie Lik Mine One

That Can Keep Me Up When Im Down Besides My Riches

Or My Bentley U Can Have All The Rest

That Comes With Me Thats My Heart, Mind, Soul U

Can Be My Company Where

Ever I Go Ima Function

When I Let U Go Now Im Trying To Let U Know So

[Bridge:]
