

Bow Wow, Outta My System

[Thunder crashing]

[R&B Music playing]

Damn...

I mean I just keep thinkin' about you.
I mean I wanna move on but I can't move on.
It's like you got some kind of hold on me
And I don't know.
But I'm gonna go ahead and talk about it.

Listen...

I'm sittin' lookin' at the window like shit
Tryin' to fix the situation that's at hand
You still runnin' through my mind when I'm knowin' that you should be
Me I'm on your mind? And I'm knowin' that it could be
'Cause you called I even appalled
I still got alot of pain I ain't dealt with it all
I've been runnin' around with other chicks
I'm single and they lovin' it
I'm likin' it but I just want the one that I was in love with
That's not the end of it I'm tryin' to let you know
I can't get a grip of it is what I'm tryin' to let you know
You got a hold of some kind of control of me
I don't know what it is but I don't wanna get you gone from me
I'm workin' at it and it ain't gettin' no better
Just tryin' to be like "Yeah, Forget It, Whatever"
Instead of lookin' out the window lookin' at this bad weather
Shit, I gotta pull myself together 'cause...

Chorus: [T-Pain:]

When I'm with somebody all I think about is you, yeah
When I'm alone that's all I wanna do, yeah
I miss smilin' faces on my sidekick
Out of town visits all the time we spend together makes it hard to get you outta my system.
And you know what you do to me do to me
You don't even understand shit
And you know what you do to me do to me
It's so hard to get you outta my system.

[Bow Wow:]

I'm too attached my heart won't let me fall back
I got it bad that's what you can call that
And when I see you on the streets that's the worst for me
I used to love the little things you did that's what works for me
It's too major I see you on my pager
Knowin' what your doin' where you at or "Can I see you later?"
The fellas tellin' me "Just let it go Bow."
Believe me I'm tryin' man I just don't know how
I be in all the top spots even with the hot shots knowin' they just want me 'cause I'm in the top spot
That's not poppin' and my brain ain't stoppin' thinkin' who she with or where she going is she club h
I never had this kind of problem in my life
This is my first time dealin' with this kind of fight
It's every night and every flight and every time you in my sight
Shit, this ain't even right, 'cause...

Chorus: [T-Pain:]

When I'm with somebody all I think about is you, yeah
When I'm alone that's all I wanna do, yeah
I miss smilin' faces on my sidekick
Out of town visits all the time we spend together makes it hard to get you outta my system.
Ohhh.
And you know what you do to me do to me

You don't even understand shit
And you know what you do to me do to me
It's so hard to get you outta my system.

[Bow Wow:]

Is it wrong for me to feel this way?
You've been runnin' through my mind all day
Can you feel me?
I've been tryin' to get you off my mind
But I can't after all this time that's what kills me
Is it wrong for me to feel this way?
You've been runnin' through my mind all day
Can you feel me?
I've been tryin' to get you off my mind
But I can't after all this time and it kills me

Chorus: [T-Pain:]

When I'm with somebody all I think about is you
When I'm alone that's all I wanna do
I miss the smilin' faces on my sidekick
Out of town visits all the time we spend together makes it hard to get you outta my system.
Hard to get you out.
And you know what you do to me do to me
You don't even understand shit
And you know what you do to me do to me
It's so hard to get you outta my system.

[Bow Wow Talking]

I remember everything me and you talked about
Me and you had a whole life planned out together
And if I could I would turn back the time
And correct all my mistakes that I ever did
But now I guess I gotta move on right?
It's still hard and I still love you to this day.
Peace.
