

Bow Wow, To My Mama

Yeah, this song right here is dedicated to that one special woman in my life, right

(Thank you for loving me) My Mother

(And thank you for holding me down) Theresa

(I know that you care for me) Rene

(Cuz you've always been around) Sing it

Ma (Thank you for loving me) This song right here is for you

(I wanna thank you for holding me down) All the love you showed me

(I know that you care for me) I'ma give it right back to you

Let's go

[Chorus]

All of the things you do (yeah)

I can never repay you (uh huh)

I can't imagine life without you

My mama, my roll dog

All of the things you do (yeah)

I can never repay you (ah uh)

I can't imagine life without you

My mama, my roll dog

[Verse 1:]

Anything you need from me, Ma, you know that it's yours

You're the only woman in my life that I adore

I remember back in the days when we couldn't get much

TV's wasn't covered and the floor was tore up

How you juggle three jobs just to take care of me

Yo baby boy, Bow Weezy

Late night shifts, daytime to the AM

Comin' home late, there was my best friend

My soulmate, yes, my big brother

The one who tucked me in, put me under the covers

When I had nightmares, you came right away

Read me bedtime stories and chased them away
My beautiful black queen, my everything
The one that keeps this heart pumpin' everyday
I'm a young man now
But my plan is to show you that I really understand
Mom, I love you

[Chorus 2x:]

All of the things you do
I can never repay you
I can't imagine life without you
My mama, my roll dog

[Verse 2:]

Look at you now
You sittin' up on top of the world
Got a X5 and a Benz just to swerve
Gotcha dream house now
Sittin' on big land, big money, big jewels, big game plan
You told me one day I'ma make it this far
Have God in my life and I'm gon' be the star
I did it, well, look where we at
Don't have to worry 'bout past due bills and all that
Don't have to worry 'bout them bill collectors all on yo back
Don't worry
If you ain't got it, I gotcho back
Don't even worry 'bout you workin 3 jobs real late
Don't even have to worry when you have no food to put on the plate
Back then, I didn't understand but I do now
I look back and I reminisce on how it all went down
Went from bad to good, from frowns to smiles
Mom, I really love you, understand now
I love you

[Chorus 2x]

[Hook:]

Thank you for loving me

Say what now

Thank you for holding me down

Say what now

I know that you care for me

Sing that

Cuz you've always been around

Kick it back and

Thank you for loving me

Say what now

Thank you for holding me down

Say what now

I know that you care for me

Say what

Cuz you've always been around

Drop the beat back

Yo (yeah)

This song right here is dedicated to my mother (and oh)

And all the mothers out there (oh oh ooh)

Every mother (yeah)

All the single mothers out there workin' hard (oh oh yeah)

Just keep ya head up (oh)

All the mothers rock rock rock on (ooh)

I can't imagine life without you (that's why I need you)
My mama, my roll dog (that's why I need you, yeah)
All of the things you do (all the things you do)
