

Bowling For Soup, Blister In The Sun

when im a walking i strut my stuff,
and im so strung out,
im high as a kite i just might stop to check u out,

let me go on like a blister in the sun
let me go on begin to know u one

body beats i stain the sheets,
i dont even know why,
my girlfriend she's at the end she is starting to cry,

let me go on like a blister in the sun,
let me go on begin to know you one,

when im a walking i strut my stuff,
and im so strung out,
im high as a kite i just might stop to check you out,

and then, and then, body beats i stain the sheets,
i dont even know why,
my girlfriend she's at the end she is starting to cry,

let me go on like a blister in the sun
let me go on begin to know you one,
f****ing s**t
oh oh oh oh

let me go on like a blister in the sun,
let me go on begin to know u one
f****ing s**t
