

# Bowling For Soup, Jimmy Neutron

Into the stars  
To buy candy bars  
Rides a kid with  
A knack for inventions  
A super powered-mind  
A mechanical K-9

He rescues the day  
From your destruction  
He's gotta save the world  
And get to school on time

So many things to do  
And not much time  
Oh so off the ground  
Up in the air  
Out into the atmosphere

Who can we count on?  
Jimmy Neutron  
Who can we count on?  
Jimmy Neutron  
Who can we count on?  
Jimmy Neutron

No matter where you are  
You know he can't be far  
Watching the world  
Through x-ray vision  
And wherever he's around  
Where adventure can be found  
You know that  
Jimmy Neutron's on a mission

He's gotta save the world  
And get to school on time  
So many things to do  
And not much time  
Oh so off the ground  
Up in the air  
And out into the atmosphere

Who can we count on?  
Jimmy Neutron  
Who can we count on?  
Jimmy Neutron  
Who can we count on?  
Jimmy Neutron  
Who can we count on?  
Jimmy Neutron  
Who can we count on?  
Jimmy Neutron  
Who can we count on?  
IT'S JIMMY NEUTRON!!!
