

# Bowling For Soup, Sad Sad Situation

Alright, this is sad, sad, situation. 12..3

Hitched a ride  
I was so messed up  
But I sure was glad to meet ya  
You took my heart like they towed my car  
And they're both still broken down  
Oh well it looked pretty good on paper  
And I've come to find out later that you're insane

Turn me off  
I've had enough  
I'm better off without anyone  
I was wrong  
Maybe you should stay. Away.

You came to stay cause they were painting your house  
And you're still here six months later  
You spent my money on god knows what  
But it sure did cost a lot

Well it's a sad, sad situation  
Now I need a goddamned vacation  
Cause you're insane

Turn me off  
I've had enough  
I'm better off without anyone  
I was wrong  
Maybe you should stay. Away.

I'm self absorbed (self absorbed)  
And shallow too (he's shallow too)  
And all I wanted was to sleep with you  
A basket case, with a pretty face  
And I can't take this shit no more. Anymore

Turn me off  
I've had enough  
I'm better off without anyone  
I was wrong  
Maybe you should stay

Turn me off  
I've had enough  
I'm better off without anyone  
I was wrong  
Maybe you should stay. Away.
