

Boy Hits Car, My Animal

Everytime I wake up I think and laugh
When I'm in love with you
Then I breathe it in
Everyone's saying that I am just a little boy
Running to find a way in
An today I feel just like an animal
That's trying to hide from all of you
I'll find the world to live in the simple fact of life
In which each day brings something new
I can be so naive
To the ways of this world
So I try to split myself
Into a ball of love
If I look into your eyes, will I feel the harmony
Rising converge above
Something in the smell I long to feel my animal
Trying to find a way out
Beneath the surface do you feel the will to give
To give without any doubt
Out
I can feel my animal
animal noises
I can feel my animal
I wanna kill him
And then I'll know I'm alive
And get to watch his breath leave
I watch some birds up in the trees
Will I feel guilt
As he dies yeah
All he does is hiss a word
So I won't cry
No I won't cry
I will never cover him
I can feel my animal
I wanna take his life
His eyes are stoned
And so decide yeah
No body animal
You know it seems to kill him
And as he does this
He thinks to them
He thinks that this is your room
I wanna lock the fucker in a cage
Cause when I looked into his eyes
It's like you're looking into a mirror
Know that it's so good to be alive
It's good to be alive
It's good to be alive
It's good to be alive
I can feel my animal
I wanna take his life
His eyes are stoned
And so decide yeah
I wanna kill him
I wanna take his life
His eyes are stoned and so is ice
