

Boy Kill Boy, Loud And Clear

To the ends of the world I'm ready to go
There's too much to see
and too much to do you know
Coast to the coasts it's hard to believe
Every tomorrow deserves another apology
I'm reading you loud I'm reading you clear
It's one or the other I'm here
Just to let you down
Reading your mind, I'm listening clear
The weight of the world
is starting to get you down
Come twist my arms
'til my veins start to glow
I'm asking aloud, cos this is my life
Salvation, I'm told it get's easier
What's that sound?

Tell me why,
You should be keeping all these lies
Tell me why, tell me why
You should be keeping this inside

Reading you loud, I'm reading you clear
I'm tied to the past and I need to give in
Reading your mind, I'm listening clear
Time's ticking over
and you've had the best of me
Come twist my arms
'til my veins start to glow
I'm asking aloud, cos this is my life
Salvation, I'm told it gets easier
What's that sound?

Tell me why, tell me why
You should be keeping all these lies
Tell me why, tell me why
You should be keeping this inside

Come twist my arms
'til my veins start to glow
I'm asking aloud, cos this is my life
Salvation, I'm told it gets easier
What's that sound?

Tell me why, tell me why
You should be keeping all these lies
