

Boy Kill Boy, Rosie's On Fire

I like to see everything unwind
Just suppose that youre on my mind
I need to sleep but my eyes wont close
Thats the way keep me on my toes
She needs to go to her home
She needs to show everyone

Rosies on fire
Can you see her?
Rosies on fire
Can you hear her?

I need to run but my feet wont move
I need to reach but my hands are tied
She needs to go way back home
She needs to tell everyone

Rosies on fire
Can you see her?
Rosies on fire
Can you hear her?

Rosies on fire
Can you see her?
Rosies on fire
Can you hear her?
